

W. & J. SLOANE

ESTABLISHED 76 YEARS

CARPETS & RUGS

For Fall Delivery

The scarcity of Floor Coverings, due to the exigencies of the war during the last two years, as well as the fact that their cost may increase in the near future, are the conditions which warrant the suggestion that next fall's requirements be provided for now.

Goods purchased at this time will be stored until autumn without additional charge.

REV. DR. J. L. GORDON TO LEAVE LOCAL PULPIT

Announces to First Congregational
Church He Accepts Call to
San Francisco.

REV. DR. JAMES L. GORDON.

Resignation of Rev. Dr. James L. Gordon, pastor of the First Congregational Church, 10th and G streets, one of the best known clergymen in Washington, to take effect October 1, was announced yesterday by him in a letter to members of his congregation. In the letter Dr. Gordon says: "It is with sincere regret that I feel compelled by a profound sense of duty, after so brief a term of service, to sever my connection, as minister and pastor, from a church and congregation where all the relationships have been so happy, sympathetic and beautiful."

His Reasons for Accepting Call.

Dr. Gordon has accepted a call from the First Congregational Church of San Francisco, Calif. He says in his letter that in that city, "destined in a quarter of a century to have a population of a million souls, the future of Protestantism still hangs in the balance. The First Congregational Church of San Francisco is a historic institution with a splendid past and possessing a new church edifice, whose equipment is complete and ample. The call is for supervision and leadership. Here is a challenge to courage and an appeal to faith. In reaching this decision I am influenced by the fact that the Christian character of the great west should be safeguarded by a broad type of Christianity. The east and the west meet at the Golden Gate. The orient is beyond the great Pacific. The Pacific seaboard must be held for the great church universal. To have a small part in such a noble enterprise seems to me to fully justify the decision which is announced in this pastoral letter; namely, to exchange Washington for San Francisco."

Topic of Yesterday's Sermon.

Dr. Gordon, who has recently returned from a trip to California, preached his sermon yesterday morning on "What I Saw and Heard in California," praising the resources of the west. In his sermon at the night service he said the league of nations is the only tool to preserve the peace of the world.

VOTES TO BEGIN DRIVE TO RAISE FUND OF \$100,000

St. Aloysius Church Members
Pledge Aid in Providing New
School for Girls.

Pledging support to the Rev. Paul R. Conniff, president of Gonzaga College and rector of St. Aloysius Church, the congregation of St. Aloysius, assembled at a mass meeting in Gonzaga Hall, last night unanimously voted in favor of a campaign for the raising of \$100,000 with which to erect a new school for girls, who are now crowded in the ancient and dilapidated Notre Dame Academy at North Capitol and Myrtle streets. The campaign will be conducted in October.

In addition to preaching at the 7 o'clock mass, which he celebrated, Father Conniff spoke briefly at each of the other services in St. Aloysius yesterday. Plans submitted by experts and carefully pruned after many conferences, said the clergyman, set the lowest cost of erecting the proposed school at \$100,000, and of this amount \$50,000 is already in hand as a result of last year's campaign. Before an audience that filled Gonzaga Hall last night, Father Conniff presented the question for a vote. He spoke of the deplorable conditions in the old building, now crumbling from age, in which the pupils, studying under the Sisters of Notre Dame, were crowded into small rooms with poor light and poor ventilation. He lauded the Sisters of Notre Dame for working under such unfavorable conditions and succeeding, year after year, in graduating thoroughly trained women, many of whom are occupying responsible positions in the world. When the matter was put to a vote the congregation gave its unanimous sanction to the proposed campaign. Work will begin at once on the new structure, which, it is stated, will be plain and free from all ornamentation, but solid and thoroughly modern in every respect.

FIFTEEN PUPILS GET "GOOD HEALTH" PRIZES

Awards of fifteen prizes in gold coin for "good health" compositions by pupils in the eighth grade in Washington schools have been made by the Association for the Prevention of Tuberculosis, the first prize of \$10 going to Eleanor Ashe of the Emory School, who drew up an original "ten commandments of health." The second prize of \$5 each were awarded, one to Grace McCullen of the Park View School and one to Robert Tenney of the Webster School. Twelve additional prizes of \$2.50 each were awarded the following: William Roberts, Wallace Olsen, Sertan, Buchanan, Elsie Talbert, Brown, Kate Reilly, Ketchum, Emma Held, Thompson, Edith Fowler, Patterson, Adeline Denarest, Bradley, Margaret Brown, Macruder, Ruth Hoffman, Birney, Clara Cudworth, Ludlow, Marguerite Louis, Hayes, and Josephine Gordon Jones.

The committee, which judged the compositions, included one representative from the Junior Red Cross, one from the public schools and one from the tuberculosis association.

Asserts Korea Not Bound by Treaty
Dr. Syngman Rhee, representative here of the "republic of Korea," has made public a notice cabled to Premier Clemenceau as president of the peace conference and to President Wilson, declaring that the "republic of Korea" would refuse to consider itself bound by any treaty or convention signed by Japanese ministers or delegates.

EFFORT TO AID COLLEGE.

Dance in Interest of St. John's
Campaign for \$150,000.

A dance is to be held in St. Dominic's parish hall, 6th and F streets southwest, Wednesday night to arouse interest in the campaign which St. John's College is conducting to raise \$150,000 for additional school space.

All workers in the campaign are to assemble at headquarters, in the Harrington Hotel, at 8 o'clock tonight to discuss the results of their work and to make plans for this week.

The sound of a heartbeat is caused by the closing of the valves in the heart during the pumping process.

SUBSTITUTE FOR WOOD PULP.

Mexicans May Use Grass in the
Making of Paper.

MEXICO CITY, June 29 (Correspondence of the Associated Press).—Experiments conducted by the department of agriculture have led to the announcement that zacaton, a grass which grows abundantly in various parts of the republic, may be used in the manufacture of paper. It is proposed to use the grass as a substitute for wood pulp.

On account of the approach of the typhoid season the health department announced today that beginning Saturday typhoid vaccine will be administered from 12 to 1 o'clock at the District building free of charge.

Typhoid Vaccine Offered Free.

In the Scottish highlands it is taken as a terribly unlucky sign if a dog should run between the bride and groom on their wedding day.
